Hilda was such a joyful friend. Never did a lot of complaining, even when she was going though. It will take a while for this to sink in, because you were such a dear friend. Earth's loss is Heaven's gain. You brought a special light into our lives, and we will never forget you. Rest on queen!

I will always remember the trips to see and visit you. Or the trips you made down to Texas as well! You always did our hair which made us feel so special having it done. I love you and you will be missed. My son, your great grandson will now have a sweet and loving guardian angel watching over him.

I will forever remember the times we came to visit you and you always made sure my sisters and I didn't leave without getting our hair done. You took the time to wash, dry, brush, and braid our hair even though we probably weren't the best at sitting still or being patient. When i look at old pictures, I'll always remember it was you. I love you and you will be missed. You get to watch us grow from above now.

My African Queen I will miss you so much, that smile that happy bubble person that was always so special to me and the kids. You filled our home with laughter every time you came over. You are a queen and we lost a gorgeous angel that i had the gift of meeting you and have you in our lives. Thank you my queen and i now that as much as we will miss you, you bring into heaven the same joy you gave us. RIP.
