John Trotwood "Poppy" Moore II

SEP 3, 1933 - MAY 9, 2020

John earned his Masters in Social Work from Boston University in 1965. He began his career as a social worker specializing in adoption. In 1972 he accepted the position as district executive for Mass Society of Prevention of Cruelty to Children at the North Shore District Office. John devoted the first three decades of his professional life to protecting children's welfare. In the early 80's he made the transition to working for Home Health VNA Merrimack Valley Hospice where he remained until his retirement in 2002. John found opportunities to serve and continued as a community volunteer even in the last years before his passing.

Friendly, appreciative and extremely extroverted, John was a kind and devoted individual who adored being of service. He was passionate about spending time on the ocean, protecting the environment and supporting local government. An avid sailor from the start, John adored sharing his passion for boats with many by taking them out on his second love, The Fairwinds. Like the grandfather he was named for, John had a great love for story-telling and was legendary for his colorful tales.

John served on various political and social organizations including Winchester town meeting member, Commissioner for the Winchester Conservation Lands, Campaign Manager for various local candidates and board member for the ABC house, to name but a few. One of his favorite community activities was playing Santa Claus at the local garden center for two generations of children. John will be remembered by many for his pickup truck. With his threadbare tarps and fraying pieces of rope, he helped family and friends transport all kinds of unwieldy objects over the years. Always kind, generous and ready to lend a helping hand, John brightened the day of anyone he met. John's devotion to community service and readiness to help is a legacy he leaves for his children and grandchildren to carry on.

Services will be held on a yet to be determined date.

Dear Family,I had the privilege of knowing and working with John at Merrimack Valley Hospice from 1990 to 1999. John was a very nice man and a great Social Worker. He taught me a lot. As a new Hospice Nurse I was anxious about visiting patients in the projects ofLawrence. John advised me to go early in the morning because the drug addicts would be sleeping. Being a new kayaker in the Merrimack River and unfamiliar with the buoys John's advice was " red, right, return." I think of him fondly whenever I paddle there. John always had great stories and a twinkle in his eye. He had a remarkable ability to connect with people. He always remained calm, kept things in perspective and was very supportive. He was a good man. Thinking of him makes me smile. I'm sorry for your loss.With Sympathy,Paul Proulx
