I worked with Steve from 1998 to 2013. He was my best friend in the PO, and I have so many great memories of that time. When we worked together, it was always a good night. We had a lot of talks on our machine, and we laughed an awful lot. Steve was a tremendously caring and kind person, and he would do anything for his family. He was always thinking of you guys. I have missed him and our friendship so much since I changed jobs. I always think of him and laugh about the goofy things we did to pass the time. It hurts to think that he has passed away so very young. He will always have a big place in my heart. I am so so sorry for your loss.

Steve was truly our greatest gift. A blessing. Our dad for so many years. Aaron and I were the luckiest kids on the planet to have been able to not only live our lives with him by our side, but to also have a bonus family including Norm, Charlotte, Andy and Jason. Thank you for all the laughs and happiness you shared with us. You will be missed so dearly and loved forever. My heart will always be broken but I pray that you have found peace. I love you now and always. With all of my love and the heaviest heart, Brittany Tylus.
