Auntie Pat always made you feel special the moment she saw you. I remember every greeting started with, "Hi Sweetheart", followed by a hug. I also know that she was a person who made some great memories and I know that when my mom and she were together, there was always a hysterical story that followed. She could make my mom laugh like no other. She was a beautiful woman who loved life and cherished her family. She will be missed by all who knew and loved her.

Ma — Kat here. Sometimes life throws you a curve. I was always your permanent curve ball — did someone say batter up? I loved talking baseball and the Red Sox vs Yankees with you. After all, I needed to remind you of Dad, didn't I? You and Dad always took rides to visit me at college and how fun it was to watch you walk up seventeen flights — no elevator for you! We had a great time when you and Dad spent two weeks with us in Maui! We had so much fun on Kiani's first birthday! Kiani loved to 'call Grammie' to chat! We will miss you 'up to the sky and down' !

I concern with Melanie Pat always made you feel special the moment she saw you. Every greeting started with, "Hi Sweetheart", followed by a hug. Even for my brother Steven and I who were not even blood relatives. We were just a couple of kids Meme took care of, but still she had the same greeting for us as well! She will be missed.
