Mama Julia helped raise me and treated me like her own flesh. I have morals and values that were instilled in me because of what she taught me. I value family so much as I saw her raise all her children and helping with her grandchildren. We felt the love, we felt the discipline but we knew she was molding us to be able to withstand the pain of this world. She was one of the most beautiful souls I have ever encountered. All of her children are like siblings to me and I wish I could be there to hug them all. Remember how much Mami loved each of you. Remember how strong she was and that strength is in each of you. She would want everyone to come together peacefully and celebrate her life. I love you all. Descansa en paz mama Julia. Siempre tendré mis preciosos recuerdos de ti en mi corazón. Love you always. I remember when my mother made us come into her room every night to pray in our pajamas. My sisters and I would be so tired and upset because our knees would burn but we all learned something and that was to be humble. My mother Julia is the most beautiful soul , you will be missed mother!
